REQUEST FOR PROPOSALS (RFP)**

## MISSION

The Ethel and James Flinn Foundation (the “Foundation”) is a Detroit based private foundation established in 1976 by Ethel “Peggy” Flinn and her brother, James “Jim” Flinn, Jr. Peggy Flinn passed away in 1994. Jim Flinn, Jr., who was diagnosed with schizophrenia in his early 20’s, led a remarkable life until his passing away in 2007 at the age of 91. The Foundation’s mission is to advance effective, well-researched mental health treatment, services and programs that meet the needs of people in Michigan. The Foundation’s geographic focus is primarily southeast Michigan, defined as the counties of Wayne, Oakland, Macomb, and Washtenaw.

## ELIGIBILITY AND AVAILABLE FUNDING

This RFP is open to local or state governmental agencies and non-profit organizations that provide mental health care and treatment for adults (22 years and older) either exclusively or as a component of its overall services. The organization should be located in southeast Michigan - specifically Wayne, Oakland, Macomb, or Washtenaw County.

The Flinn Foundation is requesting proposals to implement Evidence-Based Practices and has allocated approximately \$500,000 for 2022. Two-year grant requests ranging from \$50,000 to \$100,000 per year will be considered. The total two-year award will be determined during the grant decision process.

## EVIDENCE-BASED PRACTICES

It is now well documented that knowledge gained through research has, in many instances, not been translated to everyday clinical practice in the mental health field. Therefore, the Foundation has primarily focused its grantmaking on accelerating the implementation of best practice treatment programs in community settings throughout southeast Michigan for adults 22 years and older.

## ADULT MENTAL HEALTH REQUEST FOR PROPOSALS (RFP)

The Foundation uses the standards set by the Substance Abuse and Mental Health Services Administration (SAMHSA) in identifying a model as evidence-based and defines it as follows: a practice that has demonstrated positive results in at least two randomized control studies or in a large series of single-case experiments.

There is abundant literature about implementation of evidence-based practices. Without limiting your research, the attached websites and information can be used for reference [\(Attachment 1\)](#).

### FUNDING PRIORITIES FOR 2022

The following proposals aimed at advancing best practice treatment programs, promoting early intervention, and fostering cross-system collaboration to address inequities in mental health access and outcomes and efficiency will be prioritized:

Integrating behavioral health care in primary care settings to promote early intervention

Implementing best practice therapeutic treatment programs

Implementing best practice care coordination models for people with complex behavioral health and physical health needs

Implementing programs that focus on behavioral health improvements for Veterans

Implementing best practice models that divert people from the criminal justice system into behavioral health treatment

Fostering cross-sector collaborations that lead to meaningful systemic change and improvement in behavioral health access, delivery, treatment, outcomes, and health equity

## SUBMISSION

All applications must be submitted through the Foundation's online application process that is accessible directly from [our website](#). The Foundation's grantmaking priorities are outlined in detail and a tutorial is available to help walk you through the application process.

## REQUIREMENTS

When preparing your proposal application, please respond in clear and plain language that accurately describes your project and intended outcomes without too many buzzwords, jargon, or citations. To help you prepare for the on-line grantmaking application process, we have outlined the following elements that should be included in your proposal application sections:

### ■ Mission, Accomplishments and Organizational Capacity:

- Provide a brief history of the organization and/or department, current mission and goals, a description of services, past accomplishments and experience with similar projects including evidence-based models.
- Describe your organization's capacity and resources to implement the evidence-based practice or program and the specific activities, efforts and steps taken to date to ensure readiness to implement.

### ■ Purpose/Need/Population Served:

- Provide a clear description of the program and rationale/need for services. Include data that supports the need including disparities and

REQUEST FOR PROPOSALS (RFP)

barriers that exist in target community.

- Identify the age range of your target population, geographical area, current number of people served, the projected number of individuals to be served directly by this program and the vulnerable nature of the population.
- Identify the Evidence-Based Practice (EBP) to be implemented and cite one specific source of credible evidence that the program is effective. Evidence may include, for example, research studies, proven models, or evaluations.
- Describe how this program will improve access to care, delivery of services and mental health treatment outcomes for the population served.

#### Activities and Outcomes:

- Provide a description of how the organization plans to implement the program and incorporate the EBP into your core services.
- Describe the services and activities to be provided and the specific measurable results and outcomes that you wish to achieve during the grant period. Include details on the longer-term impact of these services on the population served.

#### Collaboration/Coordination with Other Resources:

- Identify collaborative/multi-sector partners and stakeholders and their roles and responsibilities.
- Indicate relevant coordination with other resources to implement the program and/or support broader systems/community changes.

#### Evaluation/Impact:

- Explain how the outcomes of the program will be measured and reported.

ADULT MENTAL HEALTH  
REQUEST FOR PROPOSALS (RFP)

- What systemic barriers/disparities will be addressed to improve service delivery or reduce health disparities. Can this project be a catalyst for longer-term goals beyond the grant period or replicated in other communities?
- Identify who will be responsible for performing the evaluation and describe how the results will be used, shared and disseminated.

■ **Sustainability:**

- Describe how the proposed project/activities will be sustained after the end of the grant term and integrated into your core services. If the services can be supported through billable services, or other revenues, include information on how and when these funding streams will be utilized to achieve sustainability. Projects that rely on continued philanthropic support may be less competitive.

■ **Attachments: The following three reports are required along with the application:**

- **Executive Summary** ([Click here](#) to download the template - see directions on [Page 10](#) to help you with planning). The executive summary is limited to two pages. This summary will be presented to the Board of Trustees as your impact statement so make sure it is a clear, concise and compelling overview of the need you are addressing, project goals, activities and outcomes expected from the program.
- **Budget/Actual Expenditure Report** ([Click here](#) to download the template - see example on [Page 9](#) to help you with planning).
- **Current financial audit** conducted by an independent certified public accountant (*within last two calendar/fiscal years*)

## GRANT DECISION PROCESS

The Board of Trustees will review all proposals and make final approvals. The funding decisions will be based on the following considerations:

- The degree to which the proposal addresses priority areas as defined in this RFP
- Ability to significantly improve the quality, scope, or delivery of mental health services
- Ability to reduce inequities and disparities in access to care and treatment
- Ability to develop cross-system approaches to strengthen delivery of care and services
- Ability to sustain program and services beyond grant term

## REPORTING

All organizations who receive a grant will be required to sign a Grant Award Agreement Letter notifying the Foundation of their ability to comply with all reporting requirements. Grant funds are dispensed in December, 2022 and the grant term for all funded projects begins January 1, 2023.
